

Regional Trade Principles & Practices

Part of the USAID FORECAST
Programme for Kosovo

16-21 May, 2010, Geneva

Objectives (knowledge oriented)

- ❖ to provide an overview of economics of trade and policy options and instruments
- ❖ to examine various international and regional trade arrangements

Objectives (action oriented)

- ❖ to explore the capacity building needs of Kosovo regarding increasing export and deepening of international trade relations
- ❖ to identify small steps in moving trade agenda forward

Working Methods

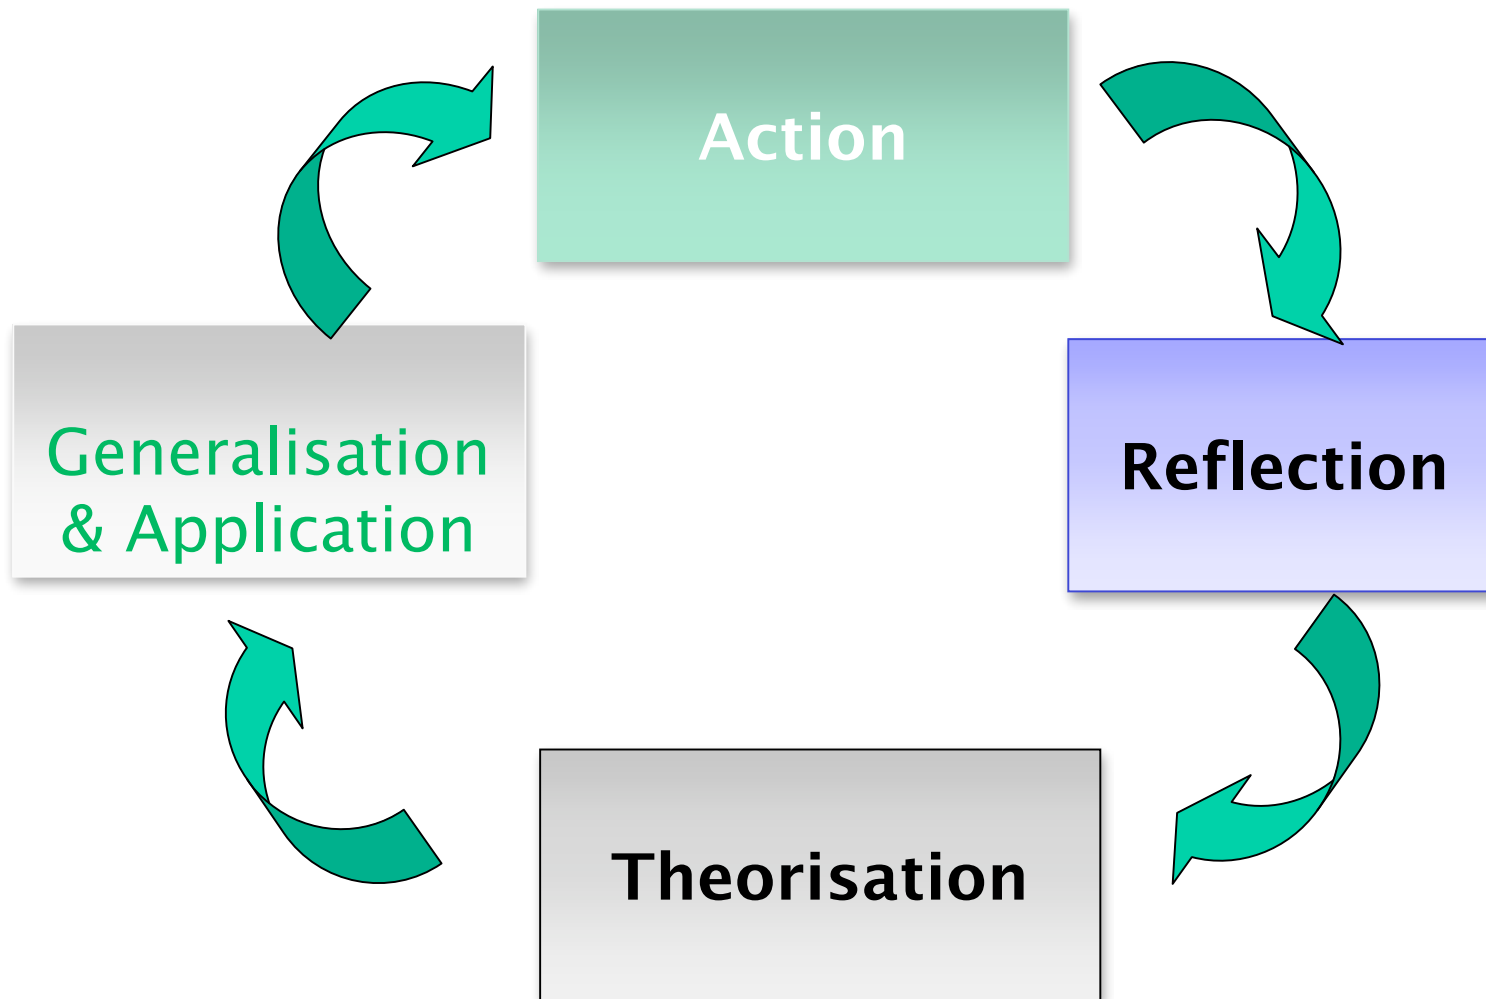

- Dialogue sessions with members of “Genève Internationale”
- Lectures and presentations
- Mini-workshops
- Action Learning as an overarching process for the whole week

Action Plan

- One of the learning outputs of this week
- Leading to follow ups back at the workplace

Action Learning

Learning by doing

Before we get started...

Let's map the knowledge terrain
to be covered in this week.....

You have 5 minutes to complete!

“To know, is to know that you know
nothing. That is the meaning of true
knowledge.” (Socrates, 469 BC - 399 BC)

Introduction to Action Planning
